

2021 Old Boy Survey | Key findings and actions

Old boys located interstate and overseas indicated they would like to be more involved with OSCA and the school.

Post COVID has seen the re-introduction of all events including annual branch events and successful events in London, New York, Bangkok and Singapore. OSCA's event program continues in 2024.

Greater vocational engagement sought through career advice, mentoring and transitioning beyond school to university or the workplace.

The inaugural Business Breakfast was held in August 2023. Over 150 old boys and members of the Scotch Family gathered to network and hear from a panel of experts. Further career development opportunities are planned for 2024.

OSCA should continue to deliver a wide range of communications targeting old boys of different generations.

Ongoing development of digital engagement to our diverse audience groups from our YOBS to retired alumni. Over 25 clubs and societies offer a vast range of engagement opportunities for old boys to enjoy.
